

Dear Customer,

We are pleased to announce that Piazza Ice Cream & Ice House is Arctic Glacier's designated distributor for our accounts located in Staten Island. We are very excited to have Sal Piazza and his team as part of the Arctic Glacier family. Sal has provided excellent customer service over the years in building his business, and we expect you will be extremely satisfied with the service he will provide.

After May 17, 2019, your store will be serviced by Piazza Ice Cream & Ice House as our authorized distributor. Piazza will be distributing the same Arctic Glacier product you received in the past, there will be no noticeable change for you or your customer base.

Our primary goal is to make this transition as seamless as possible and ensure complete customer satisfaction.

We thank you for your business and look forward to providing high quality service to your store through our agreement with Piazza.

George Geanacopoulos  
Operations Manager
